RICHMOND

The Lord of The African Jungle.

The Lion is called the "King of
beasts." He is given this name by
those who regard him as the superior of
all other animals, in point of bravery
and ferocity. He adds to the posses-
sion of a fear-inspiring from and the
proud mien of a monarch the owner-
ship of a loud, terrible voice, whose
reverberating roar seems almost to shake
the earth. The lion, notwithstanding
these inspiring characteristics, is not so
dangerous as in self-defense or to secure
food.

Some animals kill simply for the
pleasure of killing. The lion only in-
self-defense or to secure food. He lies
in ambush for his prey. He is nervous
and easily abashed as is evidenced by
the fact that in springing upon his
victim, if he misses, he will not repeat
the attempt, but will sneak back to
his hiding place with an ashamed and
dreadful manner. He will attack
any kind of animal, no matter how
large, and is so powerful that he can
carry off an ox, and his length eleven
feet; the lioness is not so large.

With the popular Sun Brothers Big
Tented Exhibition, that will shortly
pitch tents in this city and who will
give two performances, afternoon and
night, will be seen one of the most
sensational trained wild lion acts in the
universe.

Captain Peter Cardova will introduce
his coterie of five massive forest-bred
African lions, and who have been caught

A well known Des Moines woman
after suffering miserably for two days
from bowel complaint, was cured by
one dose of Chamberlain's Colic, Cholera
and Diarrhoea Remedy. For sale by
Stockton & Son.

to perform stunts that are seemingly
impossible. The captain performs these
monsters in a mammoth steel arena and
among the exploits introduced are a
game of ten pins, jumping through
hoops of fire, placing his head in the
mouths of the two largest of the sub-
jects. It is a most remarkable act and
wherever it has been seen this season it
has created a tremendous sensation.
The Sun Brothers' Shows are this sea-
son making their twentieth annual tour
and have a brand new splinter show,
with an all new performing and exhibi-
tional ranks. The Royal Court Japanese
Circus Company, 15 people, direct from
the land of the Mikado, are a salient
feature; the renowned Ceven Troupe,
a quintette of foreigners, in a big high
tight-wire act, are a genuine novelty.
The Mexican Juan De Zamora family in
latter day death-courting aerial attempts
are also featured; the Sun Troupe of
Musical and Acting Elephants will be
seen in all new proclivities; a section of
first class clowns will provide spasms of
fun for the kiddies and the grown-ups
as well.

Over a hundred actual human and
animal actors will participate in the big
imperial program, one of the greatest
ever projected. The exhibit of wild
beast and zoologic novelties will be a
feature, and of especial interest to
lovers of the curious in the zoologic
field. The big tent will be spread at
Richmond, Ky., on Tuesday, August
29th. One day only.

Be Careful.

The Water Company announces that
many hydrants are left turned on over-
night by thoughtless people, which
wastes much of the water and is in
violation of the rules. If the drought
lasted until November there would be
abundance of water, in the Company's
lakes, but there is no reason why so
much should be wasted. According to
the report of the inspectors, there is
more water used in Richmond than
many towns twice the size, and it is
claimed that a great deal of it is wasted.

Relief for the "Morning After"

Those persons who, after a more or
less strenuous night's fun, awake with
that extremely uncomfortable sensation
known as a "head," will be pleased to
know that Irtell's Liver Salts offer re-
markable relief for this condition.

One teaspoonful in water, repeated
times at hourly intervals, will
make you feel like a new man.

Results are guaranteed.

Farm News

Items of Interest to The Far- mer, the Grower and the Stockman.

The fat cattle of the county are
moving rapidly and many choice ex-
porters are being furnished the foreign
noblemen and millionaires by Madison
county. If the price could only be
around 7 and 8 cents there would be no
kick coming.

In order to make the State Fair what
it should be in every particular, M. C.
Rankin, Commissioner of Agriculture,
has arranged to organize a "State Fair
Club" in each county in the State. The
work of organization will be undertaken
by the county institute organizer, and
the club will be composed of progressive
farmers who will help build up the farm
exhibits at the State Fair.

There are many people in the county
who are compelled to sell their cattle
on account of the short supply of water
and grass, caused by the incessant
drought. Cattle that were expected to
weigh around 1,500 pounds the first of
September, have been sold this month
at from 1,300 to 1,400 and not more than
53-4 cents. It is the same case with
hogs and other live stock. In some
portions of the county, the grass is
literally burned up and the water supply
is nothing more than a few mud puddles.

Richard Gentry of Boyle, the noted
cattle man was in Madison Tuesday and
Wednesday and purchased from Joe and
Allen Deatherage 125 feeders which
averaged 1,100. The price was 5 cents.

George Hume sold a bunch of fat
cattle to Wagers and Shearer last week
at 53-4 cents which averaged about
1,400 lbs. Mr. Hume was compelled to
sell on account of the drought, his
water and grass being practically all
shut off.

Hay Fever, Asthma and Sum- mer Colds

Must be relieved quickly and Foley's
Honey and Tar Compound will do it.
E. M. Stewart, 1011 Wolfman St.,
Chicago, writes: "I have been greatly
troubled during the hot summer
months with Hay Fever and find that
by using Foley's Honey and Tar Com-
pound I get great relief." Many others
who suffer similarly will be glad to
benefit by Mr. Stewart's experience.
Foley's Honey and Tar Compound is
effective for coughs and colds in either
children or grown persons. No opiates,
no harmful drugs. It is a yellow package.
Refuse substitutes. For sale by Stock-
ton & Son.

Taxes Due.

Your taxes for the year 1911 are now
in my hands for collection. Come
in early and avoid the rush, as well as
saving the penalty, by prompt payment.
8-11 D. A. McFord, Sheriff.

Fair Exchange

A New Back for an Old One.
How It Can Be Done
In Richmond.

The back aches at times with a dull,
indescribable feeling, making you weary
and restless; piercing pains shoot across
the region of the kidneys, and again the
lions are so lame to stop is agony. No
use to rub or apply a plaster to the
back in this condition. You cannot
reach the cause. Exchange the bad
back for a new and stronger one. Rich-
mond residents would do well to profit
by the following example.

L. M. Cox 302 Bowyer St., Lexington,
Ky., says: "My occupation requires
much heavy lifting and I believe this
was the cause of my kidney trouble.
I first noticed a dull pain in my back
which became so acute that I could not
rest. When I arose in the morning, I
was lame and stiff and felt so tired that
I could hardly commence the day's
work. My kidneys were also disordered
and the kidney secretions caused me
much annoyance by their frequency in
passage. I doctored and tried many
remedies but could not find relief.
When suffering severely I don't
know how my kidneys were brought to my
attention and decided to take them. I
procured a supply. I soon improved and
by the time I had taken the contents
of a few boxes, I was cured."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—and
take no other.

An ordinary case of diarrhoea can, as
a rule, be cured by a single dose of
Chamberlain's Colic, Cholera and
Diarrhoea Remedy. This remedy has
no superior for bowel complaints. For
sale by Stockton & Son.

THAT IS HEALTHFUL
& COMFORTABLE

Stearns & Foster Mattresses are Comfortable, Durable and Sanitary; not only
because of the way they are made, but because of the materials in them.

No patented process of mattress-making will produce a quality mattress out of
poor cotton or cotton improperly handled.

Stearns & Foster Mattresses are made of clean, sanitary cotton; felt into hun-
dreds of little webs, forming many springy, buoyant layers, standing nearly three
feet high. These layers are then laid by hand and compressed to one-sixth of their
original height and encased in the ticking; then tufted to just the proper tension, so
as to be soft, yet firm, half yielding to your figure, yet supporting it in perfect relaxa-
tion.

Made in the best qualities of Satin Finish, dustproof tickings WITHOUT
EXTRA CHARGE.

Four Grades of Superiority

Anchor.	Windsor.	Lenox.	Style A.
\$10.50	\$13.50	\$16.00	\$22.50

When you buy a Stearns & Foster you get the best Mattress value offered.
Come in today and ask to see these exceptional Mattresses. We'll gladly show
them. A positive guarantee on every Mattress.

A Stearns & Foster is a very Comfortable and Economical Mattress to buy.

ago and we must clean up in this department. Get prices
We have a few Long Coats for ladies worth from \$7.50 to
\$10.00; while they last your choice for \$4.75

Ladies', Misses' and Children's Slippers

lower in price for quality than ever before

As usual, at the end of the season we re-
duce prices on all

Odd Lots, Remnants, Etc

prefering to close them out at sacrifice rather
than carry them over Our patrons know our
methods and we are not going to give you a
lot of highfaluting newspaper talk that we
can't make good But we have this to say:

If you are looking for
values at a price===
we have them

Your money's worth and more. All summer
goods must go if prices will move them. They
will go---not something for nothing---but high
grade light weight merchandise at the lowest
prices you have seen this season. We quote
a few prices and ask you to come in and look
and if not as represented, don't spend a penny

Clothing

You have heard a great deal about low prices on Cloth-
ing, but the bottom was never knocked completely out until
now We must not carry over one summer suit. See the
prices and then look at the quality.

Men's Suits worth \$20 to \$25 for	\$12.50
Suits worth 15.00 and 18.00 for	\$10.50
Suits worth 10.00 and 12.50 for	\$7.50
Youths' Suits worth from 3.50 to 6.50	\$1.98
Boys' Suits worth 1.50 to 6.50 now 98c to	\$3.75

Carpets, Mattings and Rugs

In facts all lines are lower, but space forbids more prices

Remember we have no trash, but the clean-up of honest
merchandise at reduced prices

Hives and Prickly Heat Re-
lieved Free.

There is no condition attached to this
offer. If you are suffering with hives,
prickly heat, insect bites, or any other
skin affliction, we want you to accept
of our compliments a free bottle of
ZEMO, the clear liquid remedy for ec-
zema, and all diseases of the skin and
scalp.

This free bottle is not full size, but is
large enough to show you the wonder-
ful healing and soothing effects of
ZEMO. Call today for your sample bot-
tle of ZEMO at Perry's Drug Store, 3

Circus Coming.

With the coming of Sun Bros., great
shows to this city next week, recalls
the unfortunate affair which happened
when the last circus visited Richmond.
The collapsing of a section of seats
brought death and injury to many and
it was a miracle that more were not
killed or injured. It is one of those unfor-
tunate things that will happen once in a
lifetime. Of course this will not serve
to cut down the attendance at this show,
for the people in this section are
anxiously awaiting a circus as it has
been a while since the town was
visited by one.

Emil Lorich proprietor of the Rich-
mond bottling works has about per-
fected the watermelon flavor, something
that has heretofore been unknown to
the bottling of soft drinks or by chem-
ists. The bottling business is always at
its height during the summer months,
and the watermelons come in. It
begins to fall off terribly and bottlers
everywhere have been trying to devise
some flavor that could be substituted
for the watermelon and this hold up
the trade. It is the case now that very
little of the pulp of the watermelon
is used in the juice or water, and for
this reason it is substituted for soft
drinks during the hot month of August.

Emil Lorich proprietor of the Rich-
mond bottling works has about per-
fected the watermelon flavor, something
that has heretofore been unknown to
the bottling of soft drinks or by chem-
ists. The bottling business is always at
its height during the summer months,
and the watermelons come in. It
begins to fall off terribly and bottlers
everywhere have been trying to devise
some flavor that could be substituted
for the watermelon and this hold up
the trade. It is the case now that very
little of the pulp of the watermelon
is used in the juice or water, and for
this reason it is substituted for soft
drinks during the hot month of August.

Price Cutting Suits

Never before have we sold so many fine suits, never before had we so many to sell, and there are still hundreds of them left. Beautiful grays, blues, browns, tans, and splendid color mixtures of all kinds; stouts, slims, longs, chunks, and regulars---models to fit all men---priced lower than fine clothing was ever sold before in Kentucky. Divided into four big lots as follows:

\$15.00

\$12.50

\$10.00

\$7.50

All our finest Kenton Hand-made Suits, this season's newest styles, in great variety of beautiful patterns and weaves---tailored to fit without fault and keep their shape perfectly. Strong values at \$22.50 and \$25---slaughtered now for \$15

For Twelve-Fifty you take unlimited choice of all that sold at \$18 to \$20. These are also Kenton Hand-made and fine enough for any man. Every suit loses us money, but the loss is smaller now than if carried to next spring

Honest values at \$15, \$16.50 and \$17, but we are forced to slaughter them at Ten Dollars for choice. Big loss to us, big gain to you. Will you buy? A wealth of fine worsteds and serges to select from

Brand new suits, this season's models, unusual values at \$10 to \$12.50---slaughtered at \$7.50 for choice. Prudent men will buy for future needs at these prices

No man can invest his dollars more profitably than buying his clothing now at these prices

Covington and Banks

New Warehouse

For the Loose Leaf Business and Manufacturing Tobacco Product.

Within a short time Richmond will have a tobacco manufacturing plant. Local capital has become interested and last week closed a deal with Mr. Wm. Jones for a lot at the corner of Big Hill Avenue and East Main streets, which is the new building will be erected. It is also the purpose of the owners to launch a loose leaf market and the warehouse will be constructed in the most modern idea. The opening for a tobacco manufactory in this section looks so encouraging that it has attracted the attention of many people. The plan is to employ from fifty to one hundred people, and making an enterprise which would employ from fifty to one hundred people, and making an enterprise which would employ from fifty to one hundred people.

Smith Goes.

Mr. Edward Bancroft Smith left Tuesday for Princeton, Ind., where he went to accept a position as expert machinist in the general shops of the St. Louis-Louisville Division of the Southern Railway. Mr. Smith was with the Q & C for some time at Somerset.

Masonic.

Grand Master Horan went to Clark county Saturday evening, where he was the guest of honor at the regular meeting of the local lodge. Several residents of this county residing under the banner are members of this lodge. At Pilot Knob several days ago, a man named Burnham was a member of the lodge at the dedication of the new temple. He was accompanied by Messrs. W. E. Bennett James Hamilton and Dr. Hensley.

Society Night.

Manager Baxter has been approached so much of late by local people who are anxious to have a society night, that he has about decided to offer a prize and announce one week of entertainment by local amateurs. There are several of the younger ones here, who are capable and could do a very creditable "turn" on the stage. It would bring out much of the talent of the city, and afford a chance to witness the local celebrities. It should prove a big drawing card.

Circus Coming.

With the coming of Sun Bros., great shows to this city next week, recalls the unfortunate affair which happened when the last circus visited Richmond. The collapsing of a section of seats brought death and injury to many and it was a miracle that more were not killed or injured. It is one of those unfortunate things that will happen once in a lifetime. Of course this will not serve to cut down the attendance at this show, for the people in this section are anxiously awaiting a circus as it has been a while since the town was visited by one.

Bottling Goods.

Emil Lorich proprietor of the Richmond bottling works has about perfected the watermelon flavor, something that has heretofore been unknown to the bottling of soft drinks or by chemists. The bottling business is always at its height during the summer months, and the watermelons come in. It begins to fall off terribly and bottlers everywhere have been trying to devise some flavor that could be substituted for the watermelon and this hold up the trade. It is the case now that very little of the pulp of the watermelon is used in the juice or water, and for this reason it is substituted for soft drinks during the hot month of August.

Wonderful.

The poultry show at the Madison central exhibition of all the finest breeds of poultry in Kentucky. The Directors are determined to make this a feature of the three days show and Mr. Coleman Neff, the manager of this department has received letters from hundreds of breeders of fine fowls all over the State that they will be here and compete. The ribbons alone in this department will be worth trying for.

Examination.

A competitive examination under the rules of the United States Civil Service Commission will be held at the Madison central exhibition of all the finest breeds of poultry in Kentucky. The Directors are determined to make this a feature of the three days show and Mr. Coleman Neff, the manager of this department has received letters from hundreds of breeders of fine fowls all over the State that they will be here and compete. The ribbons alone in this department will be worth trying for.

Wanted.

20 girls for machine operators in glove factory. Good wages, light sanitary work rooms. Apply to Hurst Mfg. Co. 10-21

Diseased Trees

Are Being Scientifically Treated in Richmond By Expert gang.

Doctoring a sick tree giving medicine where it is needed; applying the principles of the principles of dentistry and surgery.

Sounds kind of funny, but that is exactly what is being accomplished in the United States and moreover with absolute success. Last week a large gang of these diseased trees arrived in Richmond and, since their advent have been kept busy answering questions. It is the first time any of this work has been in Richmond and the work of the tree doctors has been watched with a great deal of interest. Thomas A. Knight who is well known in this section of the state was the forerunner of the surgeons and had prepared a rather extensive program before they arrived. The first work tackled was the tree of the property of Dr. Gibson opposite the Glyndon hotel. Trees that seemed ready for the kitchen stove and which represented about 90 per cent cavity and 10 per cent rot were handled as a good example. According to the statement of Mr. Knight, over 10,000 trees were successfully treated by the Day Tree Expert Co., and it was necessary to install another gang to assist in the work.

Must Do It.

There is an unusual demand for money at present, according to the financial institutions of the county. The drought is in a small way responsible, but most of the demand comes from farmers, who sold their live stock early and are again in the market for feeders.

An Old One.

According to the old time custom, the oldest child in the family is to be named after the day of the week. On Thursday and Friday, 21 and 23rd of August, is the time to decide your child's name. One boy named after you ever try it? It is claimed by many people of Madison that this will work with a least few every time.

Must Do It.

Major Rice is certainly bringing down the "Big Stick" on the property owners, where concrete sidewalks are to be laid. He is advertising in this issue for bids to construct sidewalks in the city. Property owners who refuse to comply with the ordinance, must submit a business plan and pay the cost of the sidewalk. Bids will be let next Saturday.

Business Sold.

The Kincaid Brick Co., one of the big enterprises of the county, changed hands last week, the new purchases being Messrs. E. C. Holliday, of Winchester, and Thomas A. Little, of Perry county. This plant is located at Seary station on the L. & A. railroad and is one of the most modern in the section. The new owners will operate it on a larger scale and will very likely have it into a paving brick and tile plant, exclusively, as there are so many brick plants scattered in this section, it makes the business less profitable. There is a great demand for paving brick and tile, and as the clay in this section is ideal for this purpose, it would cost no more to turn out the product. Manager Booth, who has been with the Kincaid company and has been engaged by the new company, says that the clay in this section is the best he ever saw for making the vitrified paving brick and hard tile. He is experienced along this line, having been in the business for twenty five years.

Better Attendance.

Must be Given the Ball Games if the Team Finishes out the Season.

There seems to be a lack of lively spirit among the people of this section to patronize the big ball games of late and in consequence the club is badly in need of funds. Just because a team isn't at the head of the race, is the poorest excuse for non attendance. Every team can't win and remember there are three mighty good ball teams below the Pioneers. Frankfort is below Richmond, and those who witnessed the Law Makers play the past week are wondering why it is that they are not closer up in the race. There are five or six star players on this team and they are always in the game with the best of the players. Don't expect the veteran Pat Johnson always putting life into the play. Then there is May's team, which is a real team. Don't expect the veteran Pat Johnson always putting life into the play. Then there is May's team, which is a real team.

Jumped Track.

A very bad wreck came near resulting from the spreading of the rails on the L. & N. just north of Red House Sunday morning. A gas, special running as 2nd 31 with Pullman sleepers, filled with tourists for Niagara Falls, jumped the track and ran for about a hundred yards on the cross ties. Regularly the engine remained on the track but most of the coaches jumped. The accident happened just south of the Oyster Creek trestle and the engine pulled the coaches across the bridge after they had left the track. If they had turned over, there would have been considerable loss of life. No one was hurt and traffic was delayed but a few hours. The accident was a more jawless one going on in the Red Lick neighborhood than
